PROMINENT HOTEL MAN DIES MONDAY

Passing of Francis Klein of Boyes Springs Great Loss to Sonoma Valley.

Sonoma valley was profoundly shocked to hear of the death of Francis Klein, one of the proprietors of Boyes Springs, last Monday. Mr. Klein had gone to the St. Francis hospital in San Francisco ten days previous for treatment but succumbed to Brights disease which with other complications had made serious inroads on his health.

With Rudy Lichtenberg, Mr. Klein had conducted the famous Boyes resort for some time past and had made an enviable record of efficiency in its management. He was very enthusiastic about the future of Boyes Springs, and with his wide acquaintance and splendid record as a hotel man, he bid fare to make it the leading health and pleasure resort of the state. His death has robbed Sonoma Valley of a loyal friend.

Decided was formerly superintendent of service at the Palace Hotel, San Francisco for fifteen years. He received the largest tip ever credited to anyone at the Palace—\$500 from Sir Paton Sykes of London, a guest. Mr. Klein was 54 years of age and a native of Connecticut. He is survived by a widow.

The funeral took place Wednesday at Sonoma.

No changes are contemplated at Boyes because of the death of Klein. Rudy Lichtenberg has long successfully conducted the big resort and Dr. Parramore is still interested.

NARROW ESCAPE FROM SHOOTING

Dr. Morris of Petaluma and Friend Have elives Endangered When Boys Shoot at Car.

Clem McDonald, Robert Clementi and a youth named Havados shot at a car driven by Dr. Russell Morris and H. Van Emster of Petaluma last Sunday and narrowly missed causing a tragedy. The shooting occurred at Caliente near the Morris ranch. The boys had been hunting and shot with a 22 rifle just after the car had passed them. The bullet whizzed through the canvas covering of the car and came within an ace of striking Van Emster.

Morris stopped his car and captured one of the boys and the other two were later caught hiding in the creek by Deputy Sheriff Joe Ryan. They were charged with malicious mischief and the two younger ones of the trio remanded to the custody of the Juvenile court.

Havados was released on bail by Judge Small.

DISTRICT ATTORNEY PUTS PETERS ON DEFENSIVE

Hoyle "Comes Back" at Secretary of Tax-Payers Association.

Although old Jupiter Pluvius has not got in his work on Sonoma county's roads yet, mud slinging on the highway issue has been indulged in by J. L. Peters of the Tax-Payers Association who gave utterance to a very caustic opinion last week regarding District Attorney Hoyle's ruling in the County Engineer's authority in Sonoma county. That the District Attorney can "come back" at his critics is readily seen from the following arraignment of Peters and the County Engineers office which will be an eye-opener to the taxpayers and promises to uncover unpleasant revelations regarding Sonoma county's road force.

"In view of the fact that false representations have been made through the daily press of this city credited to John L. Peters, Secretary of the Taxpayers Association, and feeling that, as that is supposed to be a representative body, credence may be given to some portions of it by those unfamiliar with the facts, I deem it proper to correct some statements made are give the public some real information on the subject.

"I have never at any time opposed or interfered with the progress of road construction under the bond issue in this county and Mr. Peters knows it. I voted for the bonds and no man in Sonoma County is more anxious than I to see road construction under the bond issue go forward.

Good roads are the veins and arteries of commerce and one who would oppose the legitimate use of money for the building of good roads has not the best interest of his county at heart. The real taxpayers, however, are the real saviors of the county. From that source comes the fund of wealth which turns the wheels of industry, builds roads and makes a community worth living in. To spend the tax money illegally and carelessly means a waste of that energy and stifles industry. Hence as district attorney of the whole county and not of any click or clan, I deem it my duty to see that the people's money is spent in a legal manner and that the funds contributed from the savings of the foundation element of our county are not wasted. This I have strived to do in the past and this shall continue to do so long as I am district attorney.

"The Secretary of the Taxpayers' Association is wilfully endeavoring to mislead the public in saying that I (Continued on page 4 col. 4)

AMERICAN LEGION BANQUET HERE

Sonoma Post Will Have Ravioli Feed At Clueci's This Evening.

The Sonoma Valley boys formerly in the army and navy who are to organize a Post here of the American Legion will have a get-together banquet at Cincer's Toscano Hotel this evening. It will be a ravioli feed with all the trimmings.

The ex-service men are quite enthusiastic over the new organization and the Posts in other towns of the county are in a flourishing condition. As this valley numbers among its ex-service men, many of our high type citizens, we will all have reason to be proud of our branch of the American Legion.

It has been suggested that the Post be named after one of the boys who made the supreme sacrifice. There will be speech making and a general good time tonight.

CHARLES POTTER IS COMPLIMENTED

Charles Potter, the popular Schellville resident, was paid a nice compliment by members of the Eastern Star Wednesday night when he was given a surprise party in appreciation of the many kindnesses shown to Lodge members the past year. Card playing was the diversion and good Potter "cats" were served in addition to the goodies brought by the surprisers.

Mr. Potter was presented with a handsome gold etched card tray by those present.

It was a late hour when the merry company departed much pleased with the hospitality of Mr. Potter and his gracious wife.

Those at the party were: Mr. and Mrs. Stein, Miss Arnot, Miss Pemberton, Mr. and Mrs. Stonier, Mr. and Mrs. Simmons, Mr. and Mrs. Burmester, Mr. and Mrs. Morgan, Miss McConeche, Mr. and Mrs. Stillings, Mr. and Mrs. Bates, Mr. and Mrs. Wernett, Mr. M. RICH WIDOWER IS TO WED, RUMOR

F. B. Moldonado of Boyes Colony Said To Contemplate Union With Beautiful Young Widow.

It is rumored in society circles of Boyes Springs that F. B. Moldonado, the wealthy importer, former resident of Mexico, and Boyes Springs property owner, contemplates remarrying.

The lady of his choice is said to be a beautiful young widow, of a distinguished Mexican family, and whose husband was a former friend of Mr. Moldonado. She is of the blond type and a young woman of unusual charm and refinement.

Salary, and The Judiciary

A SUPERIOR JUDGE of Marin county last week announced that he was going to resign from the office, giving as his reason that the salary of \$5,000 a year was insufficient and that he could make more money in the private practice of law. About the first impulse of public opinion will be to side with those who are anxious to increase the salaries of officials everywhere, although as a matter of law as it now stands in California, Judges cannot have their pay increased for a period of several years.

While some officials may be entitled to bigger pay, particularly those who perform routine work, growing in volume and complexity, and but little more than machines in their particular sphere, it seems to us that the position of a Judge is different and should be regarded differently from other positions of trust. A great trust is imposed in a Judge. It is a high honor and one fraught with the greatest of import to the social fabric. The confidence of the people reposed in a Judge is an honor alongside of which mere salary compensation is indeed poor dross. Unless a man has the realization of this and appreciates the value of this great honor and trust which his office brings unto him, he should not be sitting on the bench. He should go into the more remunerative field of law, where the juggling of codes, the straining of points and the seeking of loop-holes for those seeking advantage or sidestepping obligation, carries with these activities, lucrative fees and handsome emolument. The money worshipper, the materialistic man has no rightful place on the bench. His is not the mind nor the nature to make a satisfactory judge.

A larger salary would probably not, as some might suppose, attract bigger and better men to our judgeships. The kind of men who make the best judges will not be attracted by the money in it. Happily we have proof of this in our Golden State today, of men devoting their lives to the bench regardless of the apparent fact that they could make much greater sums of money in some office building. These men feel the sacred trust which their office carries with it and by their every act, show their interest and sympathy with their fellow men and their endeavor to rule squarely and fairly in all matters of adjudication. It is not money that counts with them.

When a man comes to believe that he is giving too much justice or dealing out what he believes to be good law too freely, considering the miserly salary allotted him, it is just as well that he seeks other fields.

The judicial position is a trying one and means intense application and psychologic as well as code study. A judge is worthy of his hire and earns all we pay him, but if salaries alone were the attraction, our judicial departments would have far too many self-seeking, money worshippers and the man of conscience and high sense of duty and appreciation of the position, per se would be less frequently discovered holding positions than now. The young judge who begins to think of more money as did the Marin county office holder, demonstrates his fine principle and respect for the body politic by stepping down off the bench. Such men are perhaps not temperamentally constituted for the onerous self-sacrifice involved in the devoting of their lives to the judiciary and it is far more honorable and to their credit, that they vacate, than to chafe under a limited income or impose a brand of justice, indifferent and insufficient to the maintenance of high social order and the respect which must be forthcoming from the people toward the courts.

Why You Should Buy In Sonoma

BUILD UP YOUR OWN COMMUNITY by trading at home. Remember a local nucleus of trade such as your home town affords is a drawing card when it comes to attracting new residents. You can make Sonoma a better and bigger town and the adjacent land more valuable by being in greater demand, if you spend your money here. Patronize Sonoma merchants. Do not keep adding to the prosperity and growth of other places. Service, of course you are entitled to. Tell the home merchant that and he will do the rest. He is showing more than ever that he is at the service of the community by advertising. Watch for the announcements in these columns. It will give you a key to good buys in your own home town. Trade in Sonoma.

"Pussyfoot" Rails and Is Railed

"PUSSY-FOOT JOHNSON" prohibition invader of England has been given a ride on a rail over there after railing at liquor indiscriminately since his arrival. He did not get the tar and feather treatment but was doused with flour until he was whiter than snow and then given rough treatment in his enforced ride over London town. He is the same "Pussyfoot" of whom the Literary Digest told us

"The most talked of American in Great Britain to-day is neither President Wilson nor General Pershing. He is W. E. Johnson, commonly called 'Pussyfoot' Johnson by those friends of the Rum Demon whom he routed in fair fight on many a hot-fought field in this country, and his present object is to bring Merrie Olde England into the prohibitional fold. A good part, and possibly the merriest part, of Olde England is considerably opposed to the idea. It seems to have been accepted as in the nature of a bad joke that Mr. Johnson, erstwhile United States Marshal of Muskogee, Oklahoma, U. S. A., should be trying to interfere with the personal liberties of free-born Britons who, as the old song has it, never will be slaves. 'His name is anathema, writes Weslie W. Stout from London to the New York Globe. 'Pussyfoot' is a sure-fire jest in the music halls; he is mentioned in the minutes of corporation meetings; dockers curse him over their noon beer; society more politely damns him over its wine; clubmen grow apologetic over their whiskey and soda; clerics preach about him, and at him. In diluted British pupils the man is another dragon come to demand his sacrifice, and every right-thinking Briton aspires to be the St. George who shall run him through. England has lost interest in the Kaiser, and it is only half a jest to say that 'Pussyfoot' Johnson has taken his place."

THE SACRAMENTO BEE rightfully advocates that the constitution of the United States hereafter not be amended unless by the people themselves, at a referendum election. The editor of the Bee is voicing the will of the people when he defends our most sacred document from the tinkering of legislative "plants" who in direct opposition to the voice of the people as evidenced in California's vote on the two amendments on prohibition deliberately put this state in the "dry" column. That was a high handed and deliberate blow at the spirit and letter of the constitution "of the people, by the people and for the people", and if allowed to go unopposed would establish a vicious precedent, shaking the very foundation of our government. Men who go to the Legislature to be the outspaw of reformers, destructionists of personal freedom and confiscators of property, the protection of which is guaranteed in the constitution, can hardly be called either patriots or statesmen.

The culture of men representing the people, or rather misrepresenting them of late, has led to sorry performances, both at Sacramento and in Washington.

The "Bee" would rightfully call a halt to the constitutional blasphemy we have witnessed.

LOOK, WHO WAS HERE!

Andy Buerk, of Uncle Tom's Cabin fame, San Mateo county, passed through Sonoma Monday enroute to Boyes Hot Springs accompanied by a party of friends and his nephew, P. G. Buerk, the famous automobile race driver.

Andy who is known far and wide to bon vivants as the presiding genius of "The Cabin" was looking as genial as ever and aside from a little engine trouble, was in the best of spirits, enjoying to the limit his spin to the Valley of the Moon. His nephew leaves for the south next week where he is in the automobile racing game.

When it comes to a fine dinner down the Peninsula, Andy Buerk can take better care of motorists than anybody in the state. His corps of chefs is unexcelled and his hospitality is the 100 per cent kind.

SIMMONS HAVE INTERESTING TRIP DOWN SOUTH

Mr. and Mrs. L. S. Simmons returned home Saturday after driving 1665 miles in their car and covering over 200 miles daily on the return journey from San Diego and La Jolla.

At La Jolla they visited Prof. and Mrs. Michael of the biological experiment station there. Mrs. Michael is a sister of Mrs. Simmons. La Jolla afforded splendid fishing and Mr. Simmons caught many fine mackerel and also landed a 35 pound edible Leopard shark. The shark proved to be a female of the mammal variety and when turned over to the scientists at the biological station revealed seven young ones. It was a rare catch as most of the sharks caught near there are of the kind which reproduce their young from eggs. The shark was caught by Mr. Simmons with live mackerel as bait and was hauled up on the beach after being towed around the wharf's edge. The meat is like lobster and is good eating.

Mr. and Mrs. Simmons visited many relatives while away and their vacation was altogether a most enjoyable one.

PLAY LAST NIGHT A SUCCESS

"For Love or Money" With Clever Cast Makes Hit At Annual Bazaar of Congregational Church.

The Ladies Aid Society of the Congregational church held the annual bazaar and entertainment at the Womans clubhouse last night. It was a decided success, the play "For Love or Money" being very cleverly presented by the following cast:

Miss Louise Herndon (heroine) Edna Jansen
Miss Horton, (her aunt) Carrie Burlingame
Mrs. Ambrose, (a widow) Minnie Cooke
Majorie Ambrose (not out) Gladys Simmons
Katy (a maid) Jessie Hiser
Col. Von Tritore (Miss Herndon's guardian) W. L. McAllister
Robert Acton, (a suitor) Rae Hunter
Harold Weston, (a friend) Harry Burmester

There were also musical numbers on the program. Fancy work and refreshments netted the Aid Society a goodly sum and all who attended not only generously contributed to the good cause but enjoyed a very delightful evening.

VISITOR FROM SANTA CRUZ WRITES ARTICLE ON SONOMA'S LANDMARKS

Mrs. C. C. Perry and Mrs. Ella Fay recent visitors from Santa Cruz were much enthused over Sonoma's landmarks. Upon returning to the surf city, Mrs. Perry wrote the following article which appeared in the Santa Cruz Sentinel of Friday November 14th:

While visiting the Emory Bennetts, former Santa Cruzans, who have a beautiful home, a large chicken ranch, and the beginning of a fine orchard, through their kindness, we were taken to see some very interesting places in and near Sonoma.

General Vallejo's old fort, built on a hill and commanding a view of the country on all sides, is well preserved and would prove, even now, a good defense. It is owned by the state and cared for by a Spanish family. The grim old building is the birthplace of a pretty little tot of three years, who in the future will doubtless boast of her birthplace.

Mrs. Bennet took us to call on General Vallejo's daughter, living on the old place, but not in the general's residence. She received us in a garden filled with great, old orange trees planted by the general, and took us into her home, an old structure brought around the horn in sections in 1848 from Switzerland and put together without a nail being driven into it. She eats off a table used by the general and his sixteen children whose mother, he married when she was fifteen. Mrs. Emparan is a lady of charming personality, much thought of and a singer of note.

We were taken to see the barracks built by the General under the Mexican government. We measured the walls and found them to be more than 36 inches thick. The barracks are now owned by a Mr. Shockey, who proved a most interesting gentleman.

The old jail, also built by the general, is a very ancient edifice. Nearby is the old mission, part of it built in 1823.

In good repair outside is the "Blue Wing" Hotel, older than San Francisco.

We visited the home for feeble minded and I am wondering if people realize the sadness of it. Massive and beautiful buildings, beautifully kept grounds, brilliant with flowers, but oh, such vacant faces, fourteen hundred of them. Think of the patience required. They are taught to do everything but cook. They till the soil, make articles of furniture, the girls are taught fancy work and sewing, the care of their rooms and they sell a good many things. They are of all ages, one old man over seventy and some infants. Who is to blame for these saddened lives?

We could not leave Sonoma without a glimpse of Jack London's home. Away in the hills, more than two miles from anywhere, a lovely, but lonely, place. His home, is comfortable but unpretentious. His barns and stable are of stone. His sister has charge of the ranch and all raised on it.

Considering that Sonoma is said to be the oldest town in the state, it is a nicely kept and pretty place, with wide streets and good public buildings.

BEQUEATHED PROPERTY TO DAUGHTER IN SWITZERLAND SUSANVILLE VISITOR ENJOYS SONOMA ATMOSPHERE

P. A. Ferini who died last week at the Caccia home in this valley, and who left an estate worth about \$9000 is said to have executed a will in Switzerland bequeathing his property to a daughter there. A copy of the document was discovered among his effects by Public administrator Frank Phillips who in the absence of any relatives in this country will administer the estate.

Considerable surprise was expressed by Ferini's friends that he had a family as he was very reticent about his affairs.

His property consists of a hardware business in San Francisco which he had but recently disposed of on contract payments.

Mrs. Touna Reinking of Susanville Lassen Co. had the experience of having her first airplane ride while visiting in the Valley of the Moon. She has been the guest of Mrs. Alma McMullen of Sonoma Vista and availed herself with Mrs. McMullen, of the opportunity of flying last Sunday while aviator Purcell was here. The lady, who is a sister-in-law of Mrs. Frank Rankin of the Grace Bros. ranch, enjoyed the atmosphere of Sonoma immensely and says our valley is all right from the ground up.

Mrs. H. J. Wicker has been visiting in San Francisco.

GOOD NEWS FROM SEN- ATOR SLATER'S BEDSIDE

Senator Herbert W. Slater will be able to be on his feet in a week or ten days if his present rate of improvement continues.

For several days now he has been permitted to sit up for a short time each day, in order to regain his strength. The medicine advised by Dr. Newlands of San Francisco, and given under the direction of Dr. J. H. McLeod of this city, has been very efficacious in absorbing the fluid that formed back of the retina of the eye.

It will not be long now before the operation for cataract, to which this treatment was a preliminary, can be performed. This operation should leave the senator with fair sight.

The cataract grew over the center of the retina, leaving a very limited field of vision at the side, through which the Senator is now able to see the outlines of a figure, but can not distinguish features.

For nearly nine weeks he has had to lie flat on his back, but now he is improving rapidly.

HIGH SCHOOL NOTES

Sonoma Valley High School is to have a bi-weekly paper. In order to give as large a number of pupils as possible the experience of editing a paper, a different editor has been chosen for each issue.

At a recent meeting of the Board of Control, the following dates of publication were set and the respective editors chosen.

Issues	Editors
December 1	Tom Palmer
December 15	Hastor Ring
January 5	Arsene Chauvet
January 19	Beatrice Heggie
February 2	Harry Burnester
February 16	Eva Fanchier
March 1	Harry Dwyer
March 15	James Cameron
March 29	Fred Schell
April 12	Jeanette Mann
April 26	Ivan Johnson
May 10	Marguerite Helberg
May 24	Donald Prestwood
June 7	Ellis Simmons

The paper will be typed and run off on a mimeograph. This method has been found a cheap and satisfactory one in other high schools.

The public is urged to subscribe for this paper so that it may keep in touch with school activities and progress.

"Good luck to our paper."

Marguerite Helberg, Secretary of Board of Control, An Honor Society has been organized in the Sonoma High School for the purpose of stimulating progress in scholarship and student activities. The following students having come up to the standard set forth in scholarship, character and activity, were chosen as members of the society for the first quarter.

CONNORS GUILTY OF BURGLARIES HERE

George Connors, the third member of the burglar gang that entered five stores in Sonoma several weeks ago, and who was the last of the trio to be caught was found guilty of burglary in the first degree by Judge Seawell Monday, after he had confessed his guilt of the crime.

Although Thomas Sisto and Earl Slaton, the other members of the gang confessed to having been connected with the burglaries in one way or another, Connors refused to commit himself on that point when interviewed by the officials. It was thought that he was going to contest the charges against him, but when he was arraigned in the Superior Court Monday, he entered a plea of guilty. He was represented by attorney Carl Barnard, who immediately petitioned the court for probation, and Judge Seawell continued the case until Wednesday.

The case of Earl Slaton, who appeared in the court in the uniform of the U. S. Navy, and who was in uniform when the alleged burglaries were perpetrated, has been continued.

Thomas Sisto alleged that the only part he took in connection with the burglaries was as a hired taxi driver.

VERNON GOODWIN HAS WON PROMOTION

Vernon Goodwin, a former well known teacher of Sonoma, who has been with the Hotel Alexandria of Los Angeles for many years, has been appointed vice-president of the Wilshire Boulevard Hotel Company. This office carries with it the operation of the Alexandria and of the new California Hotel when it is completed. Both these hotels are in the E. M. Linnard combine.

CONGRESSMAN LEA'S WIFE GOES UP IN AN AIRPLANE LIMOUSINE

What do you know about riding through the clouds in an eight passenger limousine? And then saying into the bargain, that it had no thrill.

Well, such was the experience of our Congressman's wife and she found that sailing above the city of Washington, D. C. three thousand feet up and at a rate of ninety miles an hour, was no more exciting than sitting and watching a movie.

"My first auto ride was much more exciting," she writes, and this because the absence of resistance makes the air ride, even at a greater speed, give the sensation of inertia on the part of the traveler but movement on the part of surroundings.

As it was with Mrs. Clarence F. Lea, so it was with many who have recently made their first flight in this vicinity. Joy riding in the clouds has not the thrill that we have been led to expect from it.

Mrs. Lea went "up in the air" twice in one day. Her first cloud ascent was in the Oriole, a small plane which carries two passengers. The second was in the Eagle, an eight-passenger plane, enclosed like a limousine, with chairs and elaborate upholstery, and being propelled by three engines. Both machines are new types, developed since the war by the Curtis people.

SONOMA POSTOFFICE SALARY RAISES

In common with other Postmasters and Rural Carriers, John Wagon and our Rural Carrier Mr. Dow have received an increase in their salaries. Mr. Wagon is to get \$1825 per annum instead of \$1700 as formerly, and the man who drives the green jitney mail wagon, \$2450 instead of \$2250. The up-keep of Mr. Dow's car comes out of this salary.

MURRAY'S SELL LOT

Jack Murray and wife have sold their 30 x 180 foot lot on the west side of the plaza to the Studleys who contemplate removing the old brick structure and making some improvements. The buyers are enterprising residents of this valley and have faith in the future of Sonoma.

THE UNIVERSAL CAR

The Ford car can well be called the "people's car," because there are more than 3,000,000 of them in daily operation. That is about four to one of the nearest follower in the motor car industry. This would not be so if the Ford car had not for sixteen years proven its superiority in service, in durability, and in the low cost for operation and maintenance; this would not be so if the Ford car was not so easy to understand, so simple in construction that anybody and everybody can safely drive it. My oath is to abide by and support the constitution, not a legislative act which I consider unconstitutional. To raise a question as to the constitutionality of an act which I consider unconstitutional when the same is at stake in the courts, would be a violation of my oath, as it is up to the courts to finally determine as to the constitutionality of any act. If the question of the constitutionality of any act is never raised, how is the court to ever determine it?

"Mr. Peters says 'the burden of my argument Wednesday was to poison the public mind against the Reams Act.' What influence was brought to bear on the Board of Supervisors to induce them to employ and pay J. L. Peters \$125.00 per month for securing rights of way, a duty imposed by law on the members of the Board of Supervisors, and is J. L. Peters sore because this office advised the Board of Supervisors that such a payment would be illegal and therefore deprive Peters of \$125.00 per month and saved that much to the taxpayers? Is Peters looking out for the taxpayers? Is J. L. Peters entitled to very much credence in his statements? I have been informed that in the bond campaign both in speech and otherwise he represented to the voters of Sonoma county that if the bonds carried, the taxes would not be raised, when if he made any investigation, he knew otherwise, as the money had to be raised by tax to pay engineering and other overhead expenses.

"As to the proposed economy by reason of the Reams Bill, the records, and files of the auditor's office tell a sickening tale.

"Why did not Mr. Peters publish the list of expenditures of the county engineer's office which he called at the auditor's office for? The reason will be very obvious to anyone who calls at the auditor's office and looks over the time sheets and bills. "Time will not permit at present and I do not wish to intrude upon newspaper space, to give figures of mistaken public economy fostered by J. L. Peters as secretary of the Taxpayers Association, but should necessity seem to demand it, the figures can be produced, as they are records of the office, though efforts have been made to withdraw illegal claims, which upon the advice of this office have been rejected.

Yours for an honest expenditure of the people's money and the speedy building of the roads proposed by the bond issue."
